Subject: WV Chemical Leak hotwash

As one of the senior OSCs I would like to volunteer to facilitate the Hotwash of the WV Chemical Leak response. In fact Bob P. thought it would be a good idea for the Region and HQ to do.

Laura and I raised the issue of EPA communication or lack thereof with the community during this incident that had Bob suggesting HQ and the Region do some joint training in the topic. Laura and I will draft an outline and work with HQ staff preparing for and scheduling a joint training session.

Steve
